● Junior Fullstack Engineer

From 2023 to Current | Cyberdude.

Intern in this company dedicating the best responsibility in the area that corresponds, delivering the best results for the company and improving my skills and productivity.

● Junior Frontend Developer

From 2021 to 2022 | IVE Designs.

I was interested in Web development. I wish to know more about the field. So, I started my career as a Part-time Front-End Developer Trainee in IVE Designs Trichy. It's a startup company which provides designs and development for digital platforms.

The Action Technology - Portfolio Website

Done a portfolio website for our own company where I did my part-time front-end dev. Here I used HTML CSS JS concepts which I learnt before.

Sri Matrimony - Matrimonial site

had been part of this matrimonial project as a part-time front-end dev. My role here is to do Admin side frontend for the above mentioned website.

Capucino - Food delivery WebApp

Designed a food delivery app as a part-time front-end dev for the Capucino restaurant. As client wants to move their business towards current trend, we delivered a end-to-end app within the given limited time span.

Flowe Export Management system

It is a client/customer interactive website. It is a four-way accessible website
1.admin/owner 2.flower collector 3.local investor 4.customer
